TAV. 06 - INTERVENTI DI RESTAURO

Riferimento Rev. 01	Elaborato A 19	Data 25/06/2025	Scala varie
PROGETTAZIONE		UFFICIO URBANISTICA E CENTRO STORICO	
Arch. Sergio Ferrante		Dirigente del Settore VII Architetto STEFANO PERUZZO	
COLLABORATORI: Dott. Roberto Ferrante		Responsabile Unico del Progetto Architetto STEFANO PERUZZO	

This architectural site plan illustrates the proposed development at 1000 West 10th Avenue. The plan shows a large, dark grey building footprint with a complex internal layout, including a central courtyard area. To the left of the main building is a parking area with several designated spaces. A curved path or driveway leads from the parking area towards the building. The foreground features a landscaped area with numerous circular tree symbols of varying sizes, indicating the placement of vegetation. The plan also shows the surrounding street layout, including 10th Avenue and the intersection with 10th Avenue.

This architectural site plan illustrates the layout of the University of Michigan Museum of Natural History building complex. The plan features several interconnected structures, including a large, dark-shaded rectangular building at the top left, a smaller building with a complex internal layout (rooms and stairs) at the top center, and a long, narrow building at the bottom center. A parking lot with multiple spaces is located on the left side. The plan also shows various outdoor areas, including a large circular plaza at the bottom left and several smaller circular and rectangular spaces. The entire site is bounded by a street on the right and a road on the top. The plan is oriented with North at the top.

Manto di copertura e struttura lignea fatiscenti

Solaio e volta danneggiati dalle infiltrazioni di acqua

Superfici interessate da distacco dell'intonaco

Scatola 1.100

Rifacimento del tetto e consolidamento della sua struttura

Consolidamento della volta

Restauro delle superfici a intonaco

Technical drawing of a vertical pipe. A horizontal dashed line with arrows at both ends, labeled 'A' and 'A'', indicates a section line through the pipe. The pipe has a flange or fitting at the top and a smaller fitting at the bottom. A small inset drawing in the upper right corner shows a cross-section of the pipe, revealing internal components like a valve or fitting.

-  presenza di vegetazione
-  deterioramento e sfaldamento del materiale lapideo
-  presenza di umidità e muffe
-  danno da infiltrazione di acqua
-  distacco dell'intonaco

Architectural drawing of the front elevation of the entrance to the Palace of Versailles. The drawing shows the pediment, the central archway, and the decorative elements. The drawing includes a list of parts in French and their corresponding numbers.
